- The affiliated player must have paid the tryout fee or affiliation fee (regardless of attendance) and be rostered as an AP prior to attending a game or practice.
- My player's Primary team are always their first priority.
- Each time my child is used as an affiliate player they must return to their primary team.
- Affiliated players must be registered with Hockey Canada and have played at least one game with their regular season team if they are primarily rostered to a recreational (C) team.
- Affiliated players are to be used to replace an injured, ill or otherwise absent player in a game.
- Affiliated players must actually play in the game that they have been called up for.
- Affiliated players must return to the regular season team once assignment is completed.
- An affiliated player must be identified on the game sheet as "AP"
- All games including exhibition and league, but excluding tournament games, count as games played towards the maximum of 10 games that can be played as an affiliate.
- Once the affiliate's regular season concludes in its entirety, this player can then play additional games as an affiliate for this team.
